Game Over

Designs shown are examples from the supplied product range. Artwork, illumination colour, control version and packaging are confirmed with the selected sample.

A70-PC Specifications

Lamp dimensions	70 x 125 mm
Housing	Clear polycarbonate (PC)
Rated lamp power	0.2 W
Battery capacity	300 mAh
Charging input	USB-C, 5 V DC
Listed charging time	Approximately 1-2 hours
Listed operating time	Approximately 7-9 hours per full charge
Individual pack	72 x 72 x 138 mm
Carton	38.5 x 38.5 x 29 cm; 50 pieces

Control Versions

Both generations are available. Specify the version when requesting samples.

First generation - three-step dimming: 100%, 60%, 30% brightness, then off. No breathing mode.

Second generation - two-step dimming + breathing: Two brightness levels plus a breathing-light cycle. Confirm the selected design and version when ordering.

Charging and operating times are supplier-listed reference values, not batch-specific test results. Actual runtime depends on brightness, design and battery condition. Plush variants are quoted separately.

Important: A rechargeable decorative lamp, not a mains-powered replacement bulb. Charge using the specified 5 V DC input. Do not connect the decorative screw-shaped base to a mains lamp socket.

Plush-Cover Collection

Decorative plush styles with an illuminated face. Confirm the dimensions, battery specification, control and packaging for each selected model.

Pink Hood

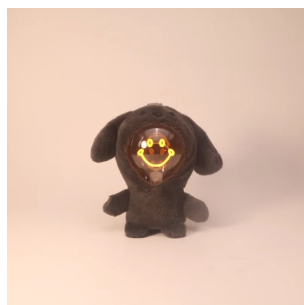

Blue Hood
